The regular monthly contest at the Frankston Club was held on Sunday June 16th.

The weather during the preceding week had been horrible but the Sunday turned out to be a calm sunny day and was enjoyed

by those that chose to take advantage of the flying opportunity.

Vintage A and Classic FAI team race took place with two heats in each event. All teams opted not to fly a final race.

Neil Baker produced the fastest Vintage A time of the day using his Ray Harvey built "Olympian"

Modeller Stephen Dyer from Swan Hill contacted the club advising he was willing to donate his C/L fleet of some 20 models some with engines etc. to our club as they were not being used and he was finding it hard to find a place to fly Swan Hill. The models were collected by Mark Ellins and some of them were dusted off and put in the air for a few flights.

Thanks go to Steve for the very generous donation. It is very much appreciated by the CLAMF members.

There was plenty of non competition spare time to test fly some models, do some sports flying and run a few engines

Club members trying out some of Stephen Dyer's donated models.
