*Partial update from the 2022
MAAA National Conference*

I would like to provide you with an update on the outcomes from the MAAA Council Conference, which was held over the weekend of the 14th and 15th of May.

The State Presidents Council decided it would be an opportune time to hold a full Council meeting and to have all delegates attend the conference which was held in Sydney. All up 18 delegates attended in person, with the remainder attending via a video conference. The formal Minutes and outcomes are being completed and we will circulate them to your State Delegates when completed.

This full Council meeting was a good opportunity to catch up face to face after all the chaos of Covid and the associated lockdowns.

The Council quickly got down to the usual business matters of reviewing and setting of our Budget, Insurance, State Reports, State and Executive Reports, and the nominations of the various position's including Public Officer, FAI, CIAM and ASAC. This Conference was also an MAAA Rules Conference, with the proposed rules from the NSIG for SAM1788 being formally adopted.

*Tim Nolan
MAAA President*

Robert Owen has assembled a "Peacemaker" kit that was produced by Ray Harvey.

If it flies as good as it looks then Robert should get a lot of pleasure out of it.

Robert also received a batch of half A combat models from Vasyly Yuvenko and was test flying one at the Frankston field. Getting a constant engine setting for his Cyclon JAK was troublesome as it tended to lean out throughout the flight so Robert intends to modify the uniflow tank vent set-up to see if he can improve the engine run.

2022 FAI F2 WORLD CHAMPIONSHIPS
for
CONTROL LINE MODEL AIRCRAFT
for Seniors and Juniors
August 8th - 13th, 2022 Wloclawek POLAND

Dear All,

On behalf of Organizers I would like to inform on our final decision, based on the actual Covid-19 pandemic situation. The Organizers decided to organize the 2022 FAI F2 Word Championships for Control Line Model Aircraft from the 8th to 13th August 2022 in Wloclawek Poland.

The Preliminary Entries updated 2022-05-13 23:00 link: http://cl-f2abcd-wchs2020.pl/docs/22_f2_wchs_pe.pdf

Contest Director: Marek DOMINIAK

Covid and the conflict in the Ukraine has impacted on the entries but there will be 301 competitors from 28 Nations taking part. Australian teams will not be attending.

The Sydney Society of Model Engineers model park now supports 12 different sections catering for trains, boats, planes, cars, slot cars, tether cars, Largescale Off-road and stationary steam models and more.

INFORMATION UPDATE REGARDING THE SALE OF 869 LUDDENHAM ROAD

As some of you may be aware the site of the Sydney Society of Model Engineers has been sold.

We want to inform everyone that the Model Park will continue to operate from our current Luddenham Road address for the next 3 and a bit years, during that time we will be purchasing a new property and begin building a bigger and better Model Park.

We have been at our current location since 1970 and it's been a brilliant, but due to the Northern Gateway Precinct and the new Western Sydney International Airport developments it's time to find ourselves a new home.

We are and continue to be the oldest continually operating Model Engineering Society in the world and we intend on securing a location that will see us continue for another 100 years plus.

We are looking forward to when we can open again in a safe Covid compliant way and welcome you all back, we thank you all for your ongoing continual support.

Please stay safe and well, we will re-open on Sunday the 26th June.

THE AU WAREHOUSE IS CLOSING!

HobbyKing will be closing its Moruya (Australia) warehouse in the coming months.

We understand the importance of servicing customers locally, but market pressures and rising costs have made operating an Australian-based warehouse untenable.

As there are no further shipments into the Moruya warehouse, once existing items are sold, they will not be replenished. So please get your order in as soon as possible.
