Regarding F2C and qualifying points, it has been decided by the NSIG that for team qualification, models must abide by current F2C rules. i.e. 3mm Venturi, exhaust shroud and non retract undercarriage.

Other models can still fly in the World Championships qualifying rounds event but they will not gain any points for team selection.

Murray Wilson.

National Control Line Special
Interest Group News.

The monthly CLAMF competition did not take place on February 12th as it was a rather windy day and attendance numbers were low, however that did not stop those that did turn up from flying just for the fun of it and also doing some model and engine testing and tuning.

The following Sunday was a much nicer day and some more leisurely flying took place.

Three members had brought along some speed models so an impromptu Half A Proto Speed challenge was held.

Here are some general pictures of models and attendees.

Combined Speed 1/2A Proto

Entrant	Rd1	Rd 2	Rd3	Engine
Ken Hunting	28.84			Fora Diesel
Tim Cooper	31.50	30.9	30.88	OS Max 10 Glow
Harry Bailey	32.5	32.59		OS FP 10 Diesel

Andrew Nugent's Fora
powered Classic FAI model.

Ex John Hallowell "Wolverine"

Andrew Nugent's "K31".

HERE are the dates for this year's Postal Classic FAI events.

ROUND 1 ~ 1st - 31st MARCH (Whole month)

ROUND 2 ~ 1st - 30th JUNE

ROUND 3 ~ 1st - 30th SEPTEMBER.

Each team will have THREE heats but no finals.

Copies of the rules are available on request.

The rounds are dated to take place any time within the month stated. This is so that other States, Countries can factor their events to suit local events and conditions. Please send results to me via messenger or email. normk@iinet.net.au

Norm Kirton

Ok here are a few photos of my new Classic FAI model based on the one that I designed and made to win the 1965 British Nationals. We had placed 2nd in the previous year. Currently powered by a PARRA T3 but will also sport my original Oliver Tiger. Some stickers to add (MAAA number, Engine stickers and the big number two (one on the outboard wingtip and one on each side of the rear fuselage) then polish & fly.

Norm Kirton

NEW MODELS

Adrian Hamilton's finished model here.

It's only had three or four races so far, but one at 5:14 is starting to look good for NZ Classic A where the target is 5:00 flying over grass. It's legal for Classic FAI too, so I might make a tarmac wheel for it.

Trident V- designed by Dave Balch, 1967.

Built to race in NZ Classic A Team Race.

MVVS D7 engine - 2.5cc diesel from 1970

For Sale

For Sale

Getting near the last of my gear for disposal as listed.
All these are best offer plus applicable postage or pickup.

After quite a few years of building models and supplying kits etc. mostly of racing models I am closing the order book. I have a small backlog and once they are done that's it.

Would you please pull my add from future issues of ACLN.
Thanks for the support over the years. It was really appreciated.

Cheers Ray Harvey.

Taipan propellers in the following sizes available:

Flexible white nylon 7x6	\$2.20 each.

Andrews Pans.

Hi All,

I've been asked over recent months about the availability of pans and what types I have.

I had a dig in my pan box and was quite surprised to see about 8 different types. It's grown over the years! The quality has improved also. I'm on my 3rd foundry now, it was a problem getting a company who wanted to take it on. Material is casting alloy CC601.

Price is still the same at \$25 for "as Cast" pans. I'm not preparing them in a finished state because of problems with my arms at the moment.

I'm not keeping a lot of stock, but will get some cast if asked. It usually takes about 3 weeks. I will always get a couple extra done.

Also, I've just finished a new master. It's copy of Steve Rothwell's engine plate. Simple little thing, but it will save cutting the plate out of tough aluminium

After last month's update and photos of the available pans, I wanted to clarify some of the prices .

29 speed pan..... \$30

2cc speed pan....\$25

T/R pans.....\$25

Rothwell style plate..... \$12

All the pans are unfinished . Although I usually clean off most of the flashing ,

Andrew Nugent.

andrew.n5@bigpond.com

A few engines for sale.

Enya 049 reed valve F/F new in box \$125

OS 15 111 C/L new in box \$100

OS 15 C/L new in box \$100

HGK 15 F/F new in box, no NVA \$125

Cipolla 1.5 D looks new in box \$90

MP Jet 06 D TBR used excellent in box \$100

Super Tigre 29 FI F/F very good used in box \$90

Owen 2.5 T new in box \$ 475

Contact Wayne Wilson @ whyzedman@hotmail.com

Enya SS 15 DBBS NIB \$250
